

*** Test Plan – Demo Web Shop**

Test Plan ID: TP-001

Version: 1.0

Prepared By: Afrid Pathan

Date: 05-08-2025

1. Introduction

This document outlines the test plan for validating the core features of Demo Web Shop.

2. Features to be Tested

- User Registration/Login
- Product Search & Navigation
- Cart Functionality
- Checkout and Order Placement
- Order Confirmation
- Newsletter Signup

3. Test Strategy Reference

Refer to "Demo Web Shop – Test Strategy v1.0"

4. Testing Approach

- Black-box functional testing
- Test cases derived from user stories (Agile) or requirements (Waterfall)
- Automated regression suite for cart and checkout

5. Pass/Fail Criteria

- Test Case Passed: Expected output matches actual
- Fail: Deviation from expected behavior

6. Suspension Criteria

- Major system instability
- Environment not accessible for >4 hours

7. Test Deliverables

- Test Cases
- Execution Logs
- Defect Reports
- Sprint QA Report / Final QA Sign-off

8. Schedule

Phase	Start Date	End Date
-----	-----	-----
Test Planning	Aug 5, 2025	Aug 6, 2025
Test Case Design	Aug 7, 2025	Aug 10, 2025
Test Execution	Aug 11, 2025	Aug 15, 2025
Closure & Reporting	Aug 16, 2025	Aug 17, 2025

9. Resources

Name	Role
-----	-----
Tester 1	QA Lead
Tester 2	Test Analyst

10. Risks

- Site downtime
- Test data resets by developers

11. Approvals

Role	Name	Date
------	------	------

|-----|-----|-----|

| QA Lead | Tester 1 | Aug 5, 2025 |

| Project Manager | Tester 2 | Aug 5, 2025 |
